Freedom

Höfundur lags: Gunnar Bjarni Ragnarsson Höfundur texta: Sigríður Guðnadóttir Flytjandi: Jet Black Joe

She moved away to another world
She could just fly away
Sometimes I see her by my window
She has found another life

So why can't we all fly away
So why can't we all fly away

Freedom she say's that's worth livin for
And no one can take that away
She's not coming back, like she did before
She has found another life

So why can't we all fly away
So why can't we all fly away

She has the guts that no one had before,
now she can fly
She's shown the world that the way it
should be done Why don't you try

So why can't we all fly away
So why can't we all fly away

Full Circle

Höfundur lags: Jet Black Joe Höfundur texta: Jet Black Joe Flytjandi: Jet Black Joe

Whooh whooh whooooooo... Full circle
whooh whooooo.....

Why you blind men, kiss the ??????
far away where you see.
And I will notice the way that you feel,
far away from your dreams.

Whooh whooh whooooooo... Full circle
Wohooo whooooooo... I'm good ?I see?
Whooh whooh whooooooo... Full circle
whooh whooooo.....

Höfundur lags: Gunnar Bjarni Ragnarsson Höfundur texta: Páll Rósinkrans Flytjandi: Jet Black Joe

Said I do believe in prair,
but I don't believe in pain
we must find a way to reach the top

higher and higher with you again
and I know I will never touch the ground
higher and higher with you my friend
and I know I will never touch the ground

It makes you feel like flying ,
it makes you feel insain
makes everything you know and ever seen
cause I don't believe in reason,
I don't believe its real
why must find a way for me to be

higher and higher with you again
and I know I will never touch the ground
higher and higher with you my friend
and I know I will never touch the ground

higher and higher with you again
and I know I will never touch the ground
higher and higher with you my friend
and I know I will never touch the ground

Day by day, I don't know I don't know what to do
but i'll try, but i'll try just for you ohh

I know

Höfundur lags: Gunnar Bjarni Ragnarsson Höfundur texta: Gunnar Bjarni Ragnarsson Flytjandi: Jet Black Joe

Oh, I know
that's the way I like it,
the way it is,
the way it goes.

I know,
that's the way I want it
and I don't care,
not any more.

I opened my eyes
woke up with a smile
and this is the day.

Free, I am ok.
A king for a day
it's never too late.

I know,
I don't have to be with
you, blue,
but I do.

I know,
I like the way it is to
be free
from she.

I opened my eyes
woke up with a smile
and this is the day.

Great, I am ok.
A king for a day
it's never too late.

I know,
I don't have to wait for
you, true,
come true.

I know,
that's the way I like to
be me
forever free.

I opened my eyes
woke up with a smile
'cause this is the day.

Great, I am ok.
A king for a day
it's never too late.

I know I know, I know I know, I know I know,
I know I know, I know I know, I know I know,
I know I know, I know I know, I know I know,
I know I know, I know I know, I know I know,

Sailing on a jet,
swimming in the sea
so free, me,
to be.

Having fun in the sun,
beach with a surf
so sweet, please,
complete.

I opened my eyes
woke up with a smile
and this is the day.

Great, I am ok.
A king for a day
it's never too late.

I opened my eyes
woke up with a smile
and this is the day.

Great, I am ok.
A king for a day
it's never too late.

I know I know, I know I know,

Jamming

Höfundur lags: Gunnar Bjarni Ragnarsson Höfundur texta: Gunnar Bjarni Ragnarsson ásamt fleirum. Flytjandi: Jet Black Joe

The shiny sunny ray, bright blue summer sky,
hey I can stay all day in Shangri La.
I'll dream you are mine.
You could be my angel, I would be your boy.
In Shangri La.

I would be jamming with you,
I would be jamming with you.
Staying up all the night,
I would be jamming with you,
all the time.

The shiny sunny day and everything is alright,
and everybody smiles in Shangri La.
I'll dream you are mine.
I could be your angel, you would be my girl.
In Shangri La.

I would be jamming with you,
I would be jamming with you.
Staying up all the night,
I would be jamming with you,
all the time.

I would be jamming with you my baby
I would be jamming with you my baby
Staying up all the night,
I would be jamming with you,
all the time.

all the time.

My Time For You

Höfundur lags: Gunnar Bjarni Ragnarsson Höfundur texta: Páll Rósinkrans Flytjandi: Jet Black Joe

If I ran away
Would you come
For we don't have much time
Life goes on
But i'm holding on
I'm still holding on

Now I know
where to go
my time for you
i can see
where to be
my time for you

Now every day
we can see
we never had much time
Life goes on
And I'm holding on you
And I'm holding it holding it holding it you

Now I know
where to go
my time for you
i can see
where to be
my time for you
Now I know
where to go
my time for you
i can see
where to be
my time for you

You are the sun

You are saying

you're coming in my arms.

You are saying

you're running out on me□.

Come on baby let's forget about the truth
try to set my mind on something oh yeahh.
Don't try to change me
don't try to change me now
yeahh ooh yeah oh yeah.

You are the sun
you are the rain keep falling on me
never get enough.

You are the sun
you are the rain keep falling on me
never get enough.

Come on baby let's forget about the truth
try to set my mind on nothing oh nooo.
Don't try to change me

Come on baby let's forget about the truth
try to set my mind on nothing oh nooo.
Don't try to change me

You don't have to change me
I've already set my eye's on something oh yeah
I really wouldn't blame you if you walked on out the door
because of me yeah.

Come on baby let's forget about the truth
try to set my mind on something oh yeahh.
Don't try to change me
don't try to change me now
Come on baby let's forget about the truth
try to set my mind on something oh yeahh.
Don't try to change me
don't try to change me now
yeahh ooh yeah I wanna do the right thing.

Running out of time

Höfundur lags: Gunnar Bjarni Ragnarsson Höfundur texta: Páll Rósinkrans Flytjandi: Jet Black Joe

If I could wish where I'm going
I would come back
don't ask me why, into your dream
In dreamland there's no time
there's no waiting
We could do all we could stand tall
we could be free

If I could craaaawl –into your dream
If I could craaaawl –into your dream

Can't you see
that we're running out of time
Please believe me
cause I'm hanging on the line
Can't you see
it's not everlasting live that we live
Don't you know
that it's never coming back

Though I grow old I keep on waiting
but time will go on I'll be alone
there without you
We're all sometimes
puppets on strings
Don't let them decide
please don't you hide
you could be free

If you could craaaawl –into my dream
If you could craaaawl –into my dream

Can't you see
that we're running out of time
Please believe me
cause I'm hanging on the line
Can't you see
it's not everlasting live that we live
Don't you know
that it's never coming back

Can't you see
that we're running out of time
Please believe me
cause I'm hanging on the line

If I could craaaawl –into your dream
If you could craaaawl –into my dream
If I could craaaawl –into your dream
If you could craaaawl –into my dream

Starlight

Höfundur lags: Gunnar Þórðarson Höfundur texta: Shady Owens ásamt fleirum. Flytjandi: Jet Black Joe ásamt fleirum.

Sail on starlight,
forever bright, sail on.
Sail on starlight,
you are my hopes and my dreams.
You are my hopes and my dreams.

If you wished upon a star,
now tell me truthfully.
Would you wish for, what you want
or what you really be.
Just take your time and think
about my little plea.
Am I asking an awful lot,
for something that is free.

Ooo oh it could be heaven
If someone would open up your eyes

Now's the time to stand together,
don't you all agree.
Theres to much confusion,
hate and misary.
We can only be equally
with trust and harmony.
All you need is a little thing
to do it naturally.

Ooo oh it could be heaven
If someone would open up your eyes

Have not time to say much more,
my star is sailing course.
If you'd like to come along
theres room for many more.
Let the star then shine it's way
and guide us through the night.
Make a land of make belive
come true within your sight.

Ooo oh it could be heaven
If someone would open up your eyes

Summer is gone

Höfundur lags: Gunnar Bjarni Ragnarsson Höfundur texta: Gunnar Bjarni Ragnarsson Flytjandi: Jet Black Joe

Summer is gone
It couldnt last too long
Soon the dawn
will be shawn and night will come

I lived for something
that shouldnt come to me
something didnt show up
It came in memory

When I look back
The sun in my past
It will be next
The summer moves so fast

I lived for something
that shouldnt come to me
something didnt show up
It came in memory

I lived for something
that shouldnt come to me
something didnt show up
It came in memory

Take Me Away

Höfundur lags: Gunnar Bjarni Ragnarsson Höfundur texta: Páll Rósinkrans Flytjandi: Jet Black Joe

Na na now now na na now
Na na now now na na now

You've been reading my mind
but you don't find no sense in my zone
You'll be running forever
cause i don't mind, you can outsell

Take me away to the bridge cause
you aint where it's going down
Take me away to the bridge cause
you aint where it's going down

When i'm going up you go down
i don't seem to mind
The things that you've given to me
you can leave them behind

Take me away to the bridge cause
you aint where it's going down
Take me away to the bridge cause
you aint where it's going down

Na na now now na na now
Na na now now na na now
Na na now now na na now
Na na now now na na now

Take me away to the bridge cause
you aint where it's going down
Take me away to the bridge cause
you aint where it's going down

Take me away to the bridge cause
you aint where it's going down
Take me away to the bridge cause
you aint where it's going down
